Westerland

<http://www.westerland.de> will give you all options in at first glance (direct flights ,accommodation etc)

Water conditions

During the event period you can expect flat to wavy water conditions at the beach. Southerly or northerly winds mean side shore conditions and if winds turn to south westerly or north westerly 3-4 meter waves will break over the sand banks located 300 meters from the beach. Shore break then will be challenging. The ground is sandy and water temperatures will be expected by 17-18 Celsius.

Wind conditions

In the month of June we expect winds from 8 to 25 knots, 66% > 13 knots. Check: Current Wind Forecast by www.windfinder.de

Accommodations

Sylt has very limited accommodations during the time period we are there. Please make your reservations with plenty of time:

All price categories are available starting at 50€ / apartment / day Call (+49) 180/500 99 80 Or www.westerland.de you can choose English and select "Westerland" to be close to the event to avoid using a car
